**Our Inspiration - Our Guide**  
**Sri Ch.V.K. Narasimha Rao**

Over the years, we at Sri Prakash, have put in our best efforts to ensure that our children are nurtured in one of the finest learning atmospheres and are facilitated with optimum learning tools for a holistic growth. In our endeavor to prepare our students to aim for the stars, we propelled them to imbibe the seven powerful steps, widely known as 7Cs of success that can be used to set and achieve their goals. The success mantra, outlined in 7Cs of success are implemented by us so as to create confident, self-made individuals within our portals. With emphasis on the first C - that is CLARITY our students learn to develop a clear vision and proper direction of their lives; setting clear, well defined goals for all academic and co scholastic activities. This clarity helps to ensure that they stay on track to achieve their vision, as we

instill the second principle, which revolves around second C - COMPETENCE, or the ability to perform tasks and duties effectively in order to marvel in the chosen field. Students continuously strive to improve their skills, the zeal to outshine is engrained in them. We imbibe the Third C - CONCENTRATION, the discipline of focusing efforts on important tasks ahead by eliminating distractions and the awards our students bag in various competitions at the international as well as national levels like the Toyota Dream Car Art Contest and Doodle for Google bear testimony to the efforts of the school community. I congratulate the Prakashites for bringing laurels, commendations and honour rolls to the school with their remarkable achievements in various arenas. The achievers include the finalists of the Toyota Dream Car Art Contest, Winners of the National Axis Bank Painting Competition, the Statistical Olympiad, CMFRI Quiz competition, toppers and highfliers in CBSE Expression series, National Mathematics Talent Contest organized by The Association of Mathematics Teachers of India. I applaud the success of our students in the International Mathematics Championship, American Mathematics Competition, Aryabhata Ganit Challenge and many others. We focus on holistic growth as CREATIVITY is woven in our scholastic and co scholastic curriculum. Freedom to think and incorporate new ideas with an innovative spirit marks our journey of molding young lives. Students are given an opportunity to unleash their creativity in solving queries and putting their thoughts on paper. Our Art and Photography clubs are the hubs of nurturing budding artists and photographers. I extend my heartfelt congratulations to our students for creating 125 hand crafted portraits of Netaji Subhas Chandra Bose on his 125th birth anniversary which gave us an opportunity to host exhibitions in Baroda, Gujarat and in Vishakhapatnam. I extend my sincere thanks to Padmabhushan Gulam Mohammed Sheikh, Padmashree Dr. Jyoti Bhatt, Sri. G. Ravinder Reddy and Prof. T. Sudhakar Reddy for inaugurating the exhibition on Netaji Subhas Chandra Bose's Portraits drawn by Prakashites. Our Performing artists and our eloquent speakers expressed their talent in Aroma, the Annual Day of the school. I acknowledge their whole hearted participation in making it a vibrant success. I thank Sri. Bolla Srikanth, MIT's first international blind student and the Co-Founder, Chairman and CEO of Bollant Industries Pvt Ltd.; Mr. Sagi Sri Hari Varma, Cinematographer a Proud Prakashite; Rear Admiral L.V. Sarat Babu, Former Chairman & Managing Director, Hindustan Shipyard Ltd & Assistant Chief of Naval Staff (Submarines), Ministry of Defence; Dr. P. Satya Narayana Prasad, Judicial Member-Judge, National Company Law Tribunal, Mumbai; Sri Vasant Kiran Babu, IFS, Joint Development Commissioner, VSEZ for their gracious presence and motivational speeches. Students are encouraged to showcase their talent in craft-work through Origami exhibition in school. In order to enhance their talent with paper art a workshop on paper engineering techniques was organized. I thank Mr. Arun Desai,

India's only paper engineer for conducting this precious workshop. To stay ahead in an ever-changing world, we are keen on the fourth C: CONTINUOUS LEARNING, celebrating occasions that train children to leverage futuristic life skills and take learning from classroom to the community. We celebrated the ATL Community Day opening the doors of our ATL lab to children of the MPLUP School, Kapuluppada village. To imbibe the values of compassion and empathy, Prakashites get actively involved in Great Kindness Challenge extending their towards being more humane. I appreciate the efforts of the school community in strengthening our age old moral values. We believe in enriching ourselves as learning never stops. Interactions of our students and teachers with eminent personalities keep the flame of knowledge kindling forever. I would personally like to extend my sincere thanks to Sri Pappu Hanumantha Rao, Retd. Headmaster, Mr. P. Suryanarayana, Principal Software Architect, USA and Dr. C.V. Narasimham, Former Principal, Ramnath Secondary School for enlightening our students with their words of wisdom. I personally extend my sincere thanks to Dr. Murthy Romilla, Scientist, ISRO, Bangalore, Dr. V. Srinivasa Chakravarthy, Dept. of Biotechnology, IIT Chennai for imparting pearls of knowledge to the Prakashites. My humble thanks to Dr. B. Raja Sekhar, Pediatrician, Dr. Tejaswini, Pediatrician and Dr. Pravalika Deshpande, Pediatrician from Giggles Hospital, Dr. Gudipudi Divya, MD, Pediatric, Alumnus, Ms. Vaishali Kulkarni More for their august presence in our school. My revered thanks to Swami Swasamvadyananda, Secretary, Ramakrishna Math, Vsp, for blessing the toddlers on their graduation day. Dr. Meegada Ramalinga Swamy, Telugu Reader in Vizag College, Actor, Director, Music Composer, Dr. G. Chinna Rao, Pediatrician for their gracious presence at the convocation ceremony. My revered thanks to Sister Madhuri - Brahma Kumari, World Spiritual Organisation for guiding our students and teachers with her valuable words during our Republic Day celebrations. As a part of Continuous learning we linked the past to the present by organizing an exhibition on World Heritage Day. I praise the efforts of our students in organizing the exhibition. I am very thankful to Dr. D. Rajasekhara Reddy - Advisor, Geo Heritage, Convener of Visakhapatnam Chapter INTACH, Dr. Pragada Raja Ganapathi - The Founder Member of Gayatri Vidya Parishad and Mrs. Nivedita Ganguly - Special Correspondent, The Hindu for being present at the Heritage Day exhibition. I immensely thank Mr. Anugrah Lakshmanan, Musician and Tabla Player for taking the children through a melodious journey. No journey can be free from obstacles. Here in Sri Prakash, we teach our students to identify and address the fifth C - CONSTRAINTS and overcome these obstacles by incorporating the sixth C - COURAGE in order to continue on the chosen path towards achievement and success.

With patience, persistence, hard work, and an unwavering belief in the ability to achieve dreams our students and staff follow the seventh C - COMMITMENT; dedicating themselves to achieve their goals and aspirations.

I congratulate the students and staff for the commendable result in the Board Exams of classes X and XII. I deeply thank our parents for their constant support in all our endeavours as we aim to scale greater heights.

### DISTINGUISHED LECTURE SERIES

Interaction with  
**YOUNG GLOBAL LEADER**  
Exclusively for Prakashites

**Srikanth Bolla** is MIT's  
**First International Blind Student**  
The co-founder, Chairman and CEO of BOLLANT Industries Private Limited.  
Listed in Young Global Leaders List 2021,  
World Economic Forum.

The budding brains of Sri Prakash Vidyaniketan acquired a bigger boosting with a brilliant session from Shri Srikanth Bolla - an industrialist and the founder of Bollant industries. He is the first international blind student in management Science at Massachusetts Institute of technology. Prakashites were highly motivated and so responded with their jaws dropped in when they found out about 'The Blind CEO who built a 50 crore company. All the students were amazed with his speech which kept them engaged for the entire session of 3 hours. Mr. Srikanth Bolla spread his vigilance by saying 'Fortune favours the brave', - that working with compassion and will power only serves the purpose. He reached his goals and more than that with his passion and a zeal to prove himself to the world which once neglected him and humiliated him for his disability. The children took in a great deal of inspiration when he proved the very saying "IMPOSSIBLE itself says I'M POSSIBLE" by studying in MIT, Stanford, by setting up a support service platform to rehabilitate, nurture and integrate differently - abled people in the society and by reaching to such a position in the society that a Biopic named 'SR' is filmed on his life story. Times of India said, "He winked at the world when it failed to see his vision."

Yatha drushti thatha srushti - One creates what one thinks. A workshop conducted by Shri Arun Desai, the only paper engineer of India captured the one-pointed focus of the children to learn, experience and explore the world of surface development using paper as a medium - on the occasion of Science Day. With wide-eyed curiosity and a never give up attitude, the children got engrossed in creating their art pieces that tested the skills of measuring and marking, psychomotor skills, precision of folding, cutting and pasting. "Never settle down with one

achievement. Dwell deeper to explore further," said Shri Arun Desai as he interacted with the students teachers and Parents. The workshop kept the children super inspired and motivated. Visualising, planning and executing the imagery are vital when it comes to form an exquisite paper art says Shri Desai. The workshop aided the children in being precise in the measurement - a mathematical skill and also in gauging the pattern of symmetry and its functions in creating simple forms through paper.

**Prof. V.Srinivasa Chakravarthy**, Dept. of Biotechnology, IIT Chennai:  
Ph.D. University of Texas and M.S. University of Texas interacts with Prakashites.

Dr. V. Srinivasa Chakravarthy, Prof. in the Department of Biotechnology interacted with the students informing them about the importance of science in Indian Language. Sir through his PPT presented various books that hold information in the areas of science, education and world history. He also spoke about the ancient science and education system and also how various scientists had come up with their inventions. Dr. V. Srinivasa Chakravarthy, heads the Computational

Neuroscience Lab and was asked a question by a student about his recent work. He spoke of his work on developing computational models of brain function with special focus on Parkinson's disease, spatial navigation, stroke rehabilitation and neurovascular coupling. Sir responded to all the queries that were put forth by the inquisitive minds and also briefed them that science can't be studied with a limit. It needs to be out of the box but with support of facts and figures.

### Interaction with Dr. Murthy Remilla, Scientist, ISRO (GAGANYAN)

One need not be only a scientist to be a part of ISRO. If one has the passion and determination to pursue one's dream he/she can still be associated with ISRO and contribute to the country's development irrespective of the field they choose like engineering, commerce, management, economics or even agriculture," said Dr. Murthy Remilla, a senior scientist in ISRO, currently working as Head, Project Management, UR Rao Satellite Centre, (URSC)

Bangalore. In an interaction with prakashites Dr. Murthy Remilla shared his knowledge and awareness of the total Indian space program from space & ground segments to applications and marketing. Sir motivated the students with his vivid explanation of the entire cycle a space program including all the ground work that goes behind a satellite rocketing to sky.

TOPIC: PURSUING  
PASSION IS THE ONLY  
PATH TO SUCCESS.

**Mr.Sagi Sree  
Hari Varma**  
Cinematographer,

the World's prestigious Oscar  
Gold Program in 2019.  
**PROUD PRAKASHITES**

their goal. Mr. Sri Hari Varma explicitly explained about his film making experience and how he reached that high in his life. He also shared his experience of working with the Director of a 2014 epic science fiction film 'Interstellbi - Kristopher Nolan. It was in fact a fruitful day for the students.

### Soothing musical concert - Anugrah Lakshmanan

Mr. Anugrah Lakshmanan, a Carnatic Musician from Isha Samskriti got the audience engrossed in the concert presented by the group. His parents accompanied him to our premises. A total of four songs were rendered. The artist along with his troop guided the Prakashites in learning a song on Lord Ganesh. The students thoroughly enjoyed the baby steps they took in learning the vocal music from a learned musician. Mr. and Mrs. Lakshmanan advised students to develop good and healthy diet practices. The students interacted with the guests with joy.

### 74<sup>TH</sup> REPUBLIC DAY CELEBRATIONS

Let us not forget the rich heritage of our country and feel proud to be a part of this nation.

Happy Republic Day

The 74<sup>th</sup> Republic Day was celebrated with utmost reverence at Sri Prakash Vidyaniketan. The celebrations began with the customary unfurling of the National Flag by the guest of honour Sri.C.V.Narasimham, retired principal of Ramnath Secondary School, Best teacher awardee and Sister Madhuri, from the Brahmakumaris. It was followed by a meticulous march past by students from four different houses. The school choir then set the stage for the patriotic fervour with perfect rendition of the National song. Speaking on the occasion, Dr.C.V.Narasimham advised the students to remember and respect all the great leaders and freedom fighters who gave their lives so that we live in a democratic country. He also suggested that students should inculcate moral values and shoulder responsibilities before enjoying fundamental rights conferred by the constitution. He finally emphasized a formula for success that is "Try , Learn & Achieve" and live by the pledge and make it a way of life. The illuminating words of the guest were followed by speeches by the students in English, Hindi, Telugu

and Sanskrit expressing their understanding and appreciation of the importance of Republic Day. Sister Madhuri, from the Brahma Kumaris, enlightened the students about the difference between Independence Day and Republic Day. She has also advised the students to make use of the freedom in the right manner. She suggested that all children must follow five basic points in their lives which prominently focussed on thanking God and believing in him; helping parents for 15 minutes everyday. The gathering took in a great deal of knowledge through interesting facts on 'Indian Republic Day', presented by the students in three languages. The physical prowess of prakashites came to the fore as they formed some dangerously skillful pyramids and showcased their skill at self-defence techniques like Taekwondo. The cultural programs that followed comprised of a fervent patriotic song, an informative role play on the framers of our constitution by students dressed up as Dr.B.R.Ambedkar, Jawaharlal Nehru, Sardar Vallabhai Patel, Moulana Abdul Kalam Azad etc., a melodious song on preamble, and an energetic dance medley showcasing the enthusiasm and love of Prakashites for the Mother Nation

Commemorating Raman Effect on  
**NATIONAL SCIENCE DAY**  
In memory of Indian  
Nobel Laureate **Sir CV Raman**  
who discovered the Raman Effect  
on 28<sup>th</sup> Feb. 1928.

The whole of science is nothing more than the refinement of everyday thinking -Einstein. To nurture and develop this refinement of thinking, National Science Day is celebrated in India on February 28<sup>th</sup> each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman. Students and staff engaged in co-operative and collaborative learning as a part of community exchange of ideas programme, on the occasion of National Science Day. Prakashites deem it their pleasure to interact with their

counter parts from other schools, especially the students of Mandal Parishad Upper Primary school, Kapuluppada. As usual, a group of thirty-one students from MPUP were welcomed to the Atal Tinkering Lab, where productive exchange of knowledge happened in the most conducive manner. This year a hands-on project 'Dancing Doll' was planned and executed. This project gave an insight to the students on the Axial Line Principle - proving that the centre of gravity acts on pin pointed area. Curiosity, enthusiasm, com-

mitment and above all the determination to complete the project was in and around each student who was assembled at the ATL. National Science Day mainly highlights the importance of science in the world to encourage young minds for Global Well-being". Our prakashites came up with brilliant ideas and projects based on Science Experiments, Solar System, Rain Water Harvesting, Robotics, Telescope, Space Shuttles to mark the importance of this day.

### CONVOCATION CEREMONY

A Celebration of Achievement and Success "Happiness lies in the joy of achievement and the thrill of creative effort." The annual convocation ceremony for the UKG students of our school was held in the school premises. The ceremony was a celebration of the achievements and hard work of the students throughout the academic year. The event began with the arrival of the chief guests, Dr.Meegada Ramalinga Swamy garu, a renowned Telugu writer, actor, director and music composer of dramas

and Dr.G. Chinna Rao garu, a famous paediatrician Dr. Divya Gudipudi, Alumni, Professor Raja Ganapati Pragada.Swasam Vidyamanda Swamiji who inspired the audience with their speeches. The guests congratulated the students on their successful completion of the UKG course and emphasised the importance of education in shaping one's future. They also encouraged the students to continue to learn and explore new things. Following the speech, the certificates were awarded to the stu-

dents. The excitement and happiness of the students and their parents were evident as they received their certificates. The convocation ceremony is an important milestone in the academic journey of the students. It is a moment of pride and joy for the students, their parents, and the school community. The ceremony not only recognized the achievements of the students but also inspired them to aim for greater success in the future...

Dr. Meegada  
Ramalinga Swamy

Dr. G. Chinna Rao

Fun, joy, exuberance and an opportunity to satiate the desire to be engaged in learning several interesting activities were offered in the platter of Activity camp 2023-24. The students got engrossed in exploring and learning the basics of drone technology, techniques of quilling, string art, worli art, lippon art, variations in clay modelling, aesthetics in painting, the rhythm and power of western and the elegance of classical dance forms, robotics, handwriting etc. Recorder the reed instrument was explored and made to use by the students, right from class III to IX indulged in creating melodies. Game lovers hit the ground

playing cricket, basketball and throwball matches. Glee was all that could be seen and experienced at this summer camp. Culmination of the summer camp was electrifying. The performers of the school band rocked the stage with the melodies. The little ones presented the age-old rhymes, creating magical tunes using their tiny little fingers on their recorder. While the seniors gave a band perform-

ance of Hawai O Five, Rivers of Babylon, New World symphony (going home), Komma Uyyala, Bone z and Cup of Life. The children mesmerised the audience with their dances. Puppet show and skit on telugu poets were the highlights of the event. Speaking on the occasion

ed the development of interests in the children right from the primary classes. Dr. Meegada Ramalinga Swamy, a renowned Telugu writer, actor, director and music composer of dramas appreciated the young talents and said that children learn life skills only if parents spend time with them. Dr. G. Chinna Rao, a famous paediatrician emphasised on the importance of education in shaping one's future. The closing ceremony was a celebration of the creativity, learning, and fun-filled activities that the students had experienced during the camp.

### Interaction with Mrs. Kruthika about Financial Planning

An interactive session about financial planning was conducted in NAD Kendra Vidyalaya by Mrs. Kruthika about Financial Planning on 30 th January 2023. This session gave an insight about the importance of financial planning and enjoying a healthy and a happy lifestyle after retirement. The teachers had gained useful information about the steps to save the money during the professional phase and later on enjoy the monetary benefits of their own hard work and diligence in future without depending upon anyone.

**Health and Wellness (CBSE Capacity Building Program for Teachers)**  
Health and Wellness session for teachers was a two-day programme organised and hosted by Visakha Valley School. The first day session began with a brief interaction by the Chief Guest Prof. G.S.N. Raju, Vice Chancellor, Centurion University on maintenance of balanced life with balanced diet and nutrition. Mr. Samir Kumar Pandey delivered information on five themes, Physical, Emotional, Interpersonal, Values of Relationship and Responsible Citizenship, and Gender Equality. He talked about different changes emerging in the adolescence and how they can be made aware of the same. Mr. S.K. Pandey also showed a short movie on gender equality which was very informative as well. The second day session was taken up by Dr. Eshwari Prabhakar, Principal, Visakha Valley School. She interacted with the teachers on the topics Nutrition, Health and Sanitation. She had advised the teachers to take care of their health by performing regular exercises and yoga. The closing ceremony was performed by Dr. Radhakanth, Psychiatrist who enlightened the teachers on Mental Health and Well Being. The programme has enhanced the viewpoint of the teachers on the above topics.

AROMA the annual day 2022 was celebrated in an exuberant aura at the Gurajada Kalakshetram. The eminent personalities Srikanth Bolla MIT's first international visually challenged student and the co-founder, Chairman, and CEO of Bollant Industries Private Limited, Dr. Patibandla Satyanarayana Prasad, Judicial Member, Rear Admiral LV Sarat Babu, (Veteran) Former Chairman & Managing Director, Hindustan Shipyard Ltd & Assistant Chief of Naval Staff (Submarines) at Ministry Of Defence, Sagi Sree Hari Varma, Filmmaker & Shri Vasant Kiran Babu, IFS, VSEZ were the guests of the day. During the event scientific, coding, creative and aesthetic talents were showcased in a Low Relief Paper Sculpture along with the Science Projects from ATL by the students of classes I to XII. It was an assortment of birds and animals with paper clay, 3D art on leaves, computer coding and science projects like Automatic Irrigation, Ultra Sonic Sensors, Robotic Avengers, etc. Distinguished dignitaries, guests and parents went around and appreciated the students for captivating everyone by their composure, confidence, conviction and hard work on ingenious display. The distinguished dignitaries, guests, and parents were warmly received by a rocking band followed by a thank you song for joining 21st Aroma, 2022 and spending a quality time to

## Sri Srikanth Bolla

MIT's first international blind student  
and the co-founder, Chairman and CEO of  
BOLLANT Industries Private Limited.

Listed in Young Global Leaders List 2021,  
World Economic Forum.

Mr. Sagi Sree  
Hari Varma,

Cinematographer,  
First Indian  
accepted into the  
World's prestigious Oscar  
Gold Program in 2019.

Shipyard Ltd & Assistant Chief of Naval Staff (Submarines) at Ministry of Defence in his speech said....one should inculcate values along with education and strive for over all development.

Speaking to the gathering Sri Srikanth Bolla MIT's first international visually challenged student and the co-founder, Chairman, and CEO of Bollant Industries Private Limited said that the entire programme conducted by students was very much appreciable. Everyone should have purity of mind, and clarity of thought, utilise time effectively and work hard to achieve your goal. You should always aim big.

Succeeded by Dr. Patibandla Satyanarayana Prasad, Judicial Member Judge at National Company Law Tribunal, Mumbai in his address to the audience said that children should know not only their primary rights but also primary duties. One should love nature and animals.

Sagi Sree Hari Varma, alumnus, Cinematographer, First Indian accepted into the World's prestigious Oscar Gold program in 2019 in his speech spoke on the occasion and elaborated that what he learnt in school be it science exhibition or activity helped him in life. While in school as a part of field trip he could visit Sriharikota. Sri Prakash Vidyaniketan has been a source of inspiration for all his endeavours.

Sri Vasant Kiran Babu, IFS Joint Development Commissioner VSEZ in his inspiring address said that no one can achieve anything without hard work. Children should pro-

inspire the Prakashites. The Principal extended a hearty welcome to the dignitaries and presented the achievements of the school - both academic and co-curricular in annual report.

Dignitaries - Sri Srikanth Bolla MIT's first international visually challenged student and the co-founder, Chairman, and CEO of Bollant Industries Private Limited, Dr. Patibandla Satyanarayana Prasad, Judicial Member Judge at National Company Law Tribunal, Mumbai, Rear Admiral LV Sarat Babu

(Veteran) Former Chairman & Managing Director, Hindustan Shipyard Ltd & Assistant Chief Of Naval Staff (Submarines) at Ministry Of Defence, Sagi Sree Hari Varma, Cinematographer, First Indian accepted into the World's prestigious Oscar Gold program in 2019, Sri Vasant Kiran Babu, IFS Joint Development Commissioner VSEZ presided over the event. They were invited by the Prakashites with splendor on to the stage amid accolades. Presiding over the function, Rear Admiral LV Sarat Babu (Veteran) Former Chairman & Managing Director, Hindustan

cure professions of their choice and parents should not pressurize them. They should develop reading newspapers as hobbies. The School Director, Sri Chitturi Vasu Prakash presented mementos to the distinguished guests expressing gratitude for having spared their valuable time for the momentous event to inspire the Prakashites on their annual day Aroma 2022. A cultural fest was followed to enthrall the audience.

SWAGATAM

The cultural programmes captivated the audience by making the entire venue lively and exiting. The patriotic performance of the children stole everyone's hearts while the western and cultural dance performances showcased the best of the fusion from everywhere to everything, saying it in our way of being different yet one in spirit of unity. The other entertaining programs were

**Jaldeep (Yoga):** The wow moment was when a group of young students presented YOGA depicting the Jaldeep with yogic techniques by forming different postures through Fusion of Body and Soul. The audience understood how rewarding it is to inculcate the habit of doing yoga daily.

**Band :** An impressive band welcoming the dignitaries and guests resonated in rhythm.

**Thank You Song :** A gesture of thanks to exemplary dignitaries for sparing some time to inspire.

**Swagatam:** A charismatic welcome dance showcased happiness in having the dignitaries and audience for Aroma 2022.

**Sky is the Limit (Badal pe Paon Hai) :** Since sky is a seemingly limitless place, going far beyond our imagination, basically says there is no limits to achieve. This dance portrayed the confidence saying much can be accomplished; swayed the spectators.

**Nrutya Sangamam (Semi Classical):** A classical dance fusion characterized by grace and precision of movement and elaborated formal gestures, steps, and poses mesmerized the audience.

**Mayoora Naatyam :** The traditional and religious folk dance performed by the prakashites in peacock costume left the audience spell bound.

**Groove the Beat :** The western dance created an electrifying effect by making the audience sway in their seats.

**Manyam Veerudu :** A musical drama on Alluri Seetharama Raju was the highlight of the day.

**Sri Krishna Leelalu :** A dance on naughty krishna gave a devotional touch to the programme.

**Zesty Bangra & dhol Bhaje :** The folk dances of Punjab and Rajasthan brought josh in the audience.

**Hum sath sath hai :** Dance depicting the secularism of India enthralled the audience

**Save the Planet :** A dance drama to save the planet by avoiding plastic created awareness to protect the environment.

**My Country My Pride :** The patriotic dance filled patriotic fervor in the audience.

### School Readiness Program.

School Readiness Program was organized in school for the new toddlers to make the children adopt to school environment-psychologically, physically and socially. Activities were planned to develop the child's skills in specific areas of social interaction, free play, communication & emotional development, physical skills, tracing, crayoning, drawing, story telling, picture reading and motor skills. Students enjoyed the play at playpen. They prepared Fruit Salad and Vegetable Salad in school as a part of recreation. This program helped the kids to make an easy and successful transition from home to school. Students' work was displayed in the classroom on the last day and a kit with stationery items and worksheets file were given to each student as a gift after interacting with their parents.

### Inauguration of Play Pen : Playpen was installed in the campus and inaugurated by parents

**Social Fair :** Sri Prakash Vidyaniketan is totally committed to imparting holistic education to the children and turn them into responsible global citizens for the future. As a part of this process various activities were conducted during the whole academic year. One such activity, being the social fair which took place on 16th February 2023. students showcased their social studies knowledge in the first-ever Social Exhibition. The students of Grade 4 and 5 were introduced to different chapter through hands-on activities, which made the learning process more exciting and engaging. The students were given opportunities to explore their creativity by making different projects from their social kits and on their own. The advantages of practical work are unmatched. Getting theoretical knowledge has no value until students can apply it for practical purposes. It was a great platform for young budding minds to share their projects on various topics.

Holi: A wonderful occasion to celebrate the festive season with joy and exuberance.

**Residential Summer Camp:** Summer Camp at Sri Prakash Vidyaniketan is not just fun-filled but it is also a place for the holistic development of children. The camp indulged the kids from different schools, in various exciting activities such as dance, storytelling, art, robotics, ATL based science activities and many others. The activities were not just limited to indoors. The campers enjoyed a three-kilometer trek in the early hours of the day to the Kambalakonda Wild Life Sanctuary and were captivated by the panoramic view of the enchanting woods on the hills of Kambalakonda. For many it had been a first-time experience. The stay arranged at the hostel campus left the children further thrilled. They enjoyed the meticulously planned routine - balancing fun, work, food and rest.

Sankranti, the harvest festival of our state was celebrated in all its glory and grandeur by the Prakashites. Celebrations commenced in the traditional way with Jyoti Prajwalana followed by a prayer. A wonderful Burrakatha detailing the significance of Sankranti, dance drama on Godadevi Kalyanam, were performed to convey the significance of the festival. The premises came alive with various events exclusive to the festival, like

## Sankranti Sambaralu

Gangireddu and Bhogimantalu. The elders showered their blessing on kids in the gracious occasion of Bhogipallu. Students showcased their creativity in Kite making, Mehendi designing activities. Parents enthusiastically participated and made beautiful Rangoli designs along with their wards. The competition proved to be a great opportunity for mothers and children to bond and showcase their creativity. The participants were seen working together, exchanging ideas and encouraging each other throughout the competition. Both teachers and staff got equally engaged in exhibiting a Bommakoluvu (display of dolls and toys) in the school premises. Fusion Food Fest marked the significance of traditional delicacies of Andhra Pradesh served with a modern blend which stole the hearts.

## Matru Bhasha Dinotsavam

"Our mother tongue is that simple language from which we can express our ideas to anyone and it is a source of pride to us and our nation." Celebrating International Mother Language Day : A Multicultural Festival of Language and Culture The celebration of mother tongue was held in our school on the 21st of February, 2023. The event was a multicultural festivity of language and culture, where students from different backgrounds came together to celebrate their mother tongue and showcased their linguistic and cultural diversity in the form of poems, songs, and skits in various languages like Telugu, Tamil, Malayalam, Marathi, Gujarati, Rajasthani, Bengali, Odia and Kannada. Performances were a testament to the linguistic and artistic skills of the students. The bulletin boards were decorated with artifacts, paintings, and posters that represented different cultures and languages.

On the occasion of World Heritage Day, SRUJANA - 'The Heritage Club' of Sri Prakash Vidyaniketan, Pendurthi conducted a Heritage Exhibition at its premises. The Guests of Honour, Dr.D.Rajasekhar Reddy, Advisor Geoheritage and Convener of Visakhapatnam chapter INTACH, Dr. Pragada Raja Ganapati, the Founder Member of Gayathri Vidya Parishad and Mrs. Nivedita Ganguly, Special Correspondent, The Hindu, inaugurated the Exhibition. The oldest items of the exhibits were two 'Daggers'- 300 years old; descended from the ancestors, tailing back to the kings of Vijayanagaram. An interesting and original story, more than a 100 years old, was told which was related to the sacrifice of a soldier (a great grandparent) through his age old documents. A 200 year old Torchlight, and items which are 50 to 60 years old like Pure silk sarees, Pitchers, coins, Vedic Scriptures-100 years old; manuscripts, and Trophies of great grandparents; an Old Memorandum, Brassware, Glassware, a Jewellery Box of 200 years old and Brass Items which are 150 years old are also showcased. A 'Mobile Medical Kit', Old Pendulum Clocks, Miniature Furniture, A Tool Box, Radios and Tape Recorders; Cameras and Calculators, Books as old as 150 years, Mortars and Pestles were spread elegantly. An Old Movie Shield, 'Air Guns' and more, were all laid with great grandeur depicting their details-each one with its own tale. Each of them was excitedly unveiled into the atmosphere by

It is not the honor that you take with you,  
but the heritage you leave behind.  
- Branch Ricky

Prakashites. The Distinguished Guests along with The Director, Sri Chitturi Vasu Prakash,

have witnessed and plowed into the depth of every historic truth of the heritage items. They heartfully interacted with the students asking them for more details and also imparted their knowledge in return, which in turn made the whole event ecstatic. Students were delighted when they were heaved into the childhood days and experiences of Dr. Pragada Raja Ganapati, as this event gave him a nostalgic feeling altogether. Dr.D.Rajasekhar Reddy provided a deeper insight regarding the world heritage sites thereby, making the event lively for all the students. In addition to this, Mrs.Nivedita Ganguly truly appreciated the hard work and dedication of all the students towards this event and she also added that this exhibition has given her a wondrous experience of a Heritage Museum. Parents swarmed in to take in the history and culture of India in a Portable Museum. A grand feeling, a sense of pride and happiness accompanied the visitors while leaving the campus.

Sri Prakash Vidyaniketan celebrated the National Youth Day to commemorate the 160th birth anniversary of Swami Vivekananda. Sri Pappu Hanumantha Rao, Retired High School Headmaster, Tekkali and a Rajalakshmi Foundation awardee, who graced the occasion, commenced the celebrations by garlanding Vivekananda Statue and shared some very interesting anecdotes about Swamiji's life, which detail his brilliance and saintliness even as a child. He advised all the children to inculcate the qualities of Swamiji like righteousness, honesty and straightforwardness in asking questions. "When you fail to prepare, prepare to fail and anything worth doing is worth doing well," said Sri P.Suryanarayana, Principal Software

Architect, Cellular RF Communication Chipsets, U.S.A., who was also present on the occasion, emphasizing the importance of preparation and concentration for a student and advised them to seek excellence in life. 100 above Students, dressed up in Swamiji's attire, paid their homage to Swamiji. The prominent Chicago address of Swami Vivekananda was replicated by a student to relive the magical moment and remind everyone the essence of it. Prakashites also paid their respects to Swamiji through an inspiring skit on his school days depicting his honesty and genius as a child. A portrait of Vivekananda made of only satin ribbon was unveiled by the guest of honour.

## Prakashites Pay Rich tributes to Swami Vivekananda on the National Youth Day

To celebrate the 125th birth anniversary of Netaji Subhash Chandra Bose, an art exhibition was organised to bring together the glimpses of his life by the students of Sri Prakash Vidyaniketan, Visakhapatnam, Andhra Pradesh. The art exhibition was inaugurated on 2nd January, 2023 at 5pm and was

held at M.S. University, Vadodra till 5th January, 2023 from 11 am morning to 8 pm evening. Few moments of Netaji Subhash Chandra Bose's life were put on display which were portrayed by 74 students in their 125 artworks. These young artists have tried to give a wider dimension to their work through various mediums

including charcoal, acrylic paint on Peepal leaves, watercolour, pyrography, collage, etching (soft - ground), etc. This wonderful exhibition reminded the people of his sacrifices for he never thought twice before dedicating his life to the nation. Guests and visitors observed and interacted with the students as well praised

them for their excellent work. The same was exhibited in school campus for three days from 23rd to 25th January which was inaugurated by Prof. V. Ramesh, Dept. of Fine Arts and G. Ravinder Reddy, an Eminent artist.

### Reflections of lessons :

'Education is the transformation of darkness to light'

A reflection of lessons taught during the academic year, is a wonderful tool that engages students in learning new facts. It develops in them the curiosity to learn more which otherwise, is not developed by listening to boring lectures. It provides a platform for the students to use their scientific knowledge and bring the best invention from their brains. It also allows students to work together in groups and learn from each other. They share their ideas and collectively galvanize those ideas to bring something innovative into implementation. This further allows the students to develop their social and moral skills and make them a better team player. To encourage students and teachers to exchange techniques and ideas that have been successful in their classrooms, we at Sri Prakash Vidyaniketan had conducted a Reflection program on 22nd February 2023. The students were enthusiastic and confident in explaining their models, projects, and experiments to our guests, educators, and peers. The various projects displayed by the students from Grade 1 to Grade 5 were truly impressive.

Rajshekhar Batchu. The event came to an end with the distribution of prizes and national anthem.

A fun-filled Baby Show was held at Sri Prakash for the toddlers of 2 to 5 years under the expert guidance and presence of renowned paediatricians. Was a remarkable day at Sri Prakash. It was the beginning of a new session so what else could have better than the idea of baby show? The event started at 3:00 p.m. in the school's venue. Here, babies between the age group of two to five years, along with their parents were invited. The event started with the babies being checked by our guest doctor Mr Rajshekhar Batchu and his team of doctors, Dr Pravallika, pediatrician and Dr Tejaswini Reddy, pediatrician. During the course of the event the babies were judged based on : @ Most healthy baby @ Most active baby @ Beautiful smile @ Most well dressed baby

Moms and babies flaunted their beautiful dresses and smiles on the ramp walk. A few tips were shared to the parents by Dr

### Vasanth Panchami

The day of Basant Panchami holds special significance for students and staff at the school. Invoking the grace of Goddess Saraswathi, pooja was performed at the premises by the class ten students, under the guidance of the priest. Placing books at the altar, earnest prayers are offered by the students while seeking the blessings of the Goddess.

### Marathon with blind children

A Memorable Walk with the visually challenged students in the present era of nuclear-family culture, the children tend to remain unexposed to the possibilities of sharing and caring. Inclusive education provides opportunities for the learners to develop empathy and the sense of responsibility of sharing and caring in several ways. No stone is left unturned in nurturing the most needed values of being humane, in the students. One such attempt has been, the participation of Prakashites in the walkathon, along with the students of the Government Residential schools for visually challenged children organised by Vizag Runners.

"When words are both true and kind, they can change our world" - Buddha's kindness is a virtue for humans which comes to every person naturally by birth. It is one of the key values taught to us and practised at Sri Prakash. This kindness is celebrated and followed for a whole week, every year, globally in all the schools and communities during the last week of the month of January. This

generous week started off in our school with an introduction to the 'Great Kindness Challenge' and reciting the 'peace pledge' in our morning assembly. Later that day the students made 'thank you card' expressing gratitude for everyone who makes a difference in their life - be it teachers or ayyamas, drivers or cleaners. 'Happy dance' kept the air pulsate with joy that exude from everyone around. 'Book marks' with a kindness quote and 'Kindness bracelets' were made and distributed. Undertook tree plantation at our campus. Seniors took the juniors under their umbrella and helped them understand the lessons and concepts better. 'Mix up lunch' and 'cleanliness drive' saw the joy

of being and working together. A week of kindness drive in the campus is expected to produce an everlasting imprint in the personality of the students by nurturing the fact that KINDNESS MATTERS.
